

"PRESS REHEARSAL" — The Robert F. Kennedy Performance Project officially kicked off in front of the Letcher County Courthouse on February 13, with a "recreation" of the late senator and presidential candidate's 1968 visit to southeastern Kentucky. Among those participating were Sheriff Danny Webb, former Sheriff Maynard Hogg, Letcher Schools Supt. Anna Craft, Judge/Executive Carroll Smith, "Senator Kennedy" and Whitesburg Mayor Nathan Baker. The project is being directed by John Malpede. The actual performance will be held in September. (Photo by Brian Gover)
